NOTICE OF PROPOSED INITIAL TITLE V PERMIT

The South Coast Air Quality Management District (AQMD) is replacing the existing operating permits that were previously issued to the facility listed below with a new and more comprehensive permit as required by Title V of the federal Clean Air Act. This is an existing facility applying for an initial Title V permit.

Armorcast Products Company

13230-13246 Saticoy Street
North Hollywood, CA 91605
Facility ID# 110577

Contact Person:

Paul Boghossian
President
13230 Saticoy Street
North Hollywood, CA 91605

This is an existing facility applying for an initial Title V permit. This facility manufactures polyester resin utility vaults. They operate three spray booths, a polymer concrete casting system, and other supporting equipment. The emissions from the spray booths and polymer concrete casting system will be vented to a regenerative thermal oxidizer, which is being issued a Permit to Construct in the near future.

As required by Title V of the federal Clean Air Act, AQMD will be reissuing existing permits in the form of a Title V permit. The Title V permit will contain all of the emissions limits and operating conditions contained in the previous permits and may include additional monitoring requirements. The new Title V permit will require additional recordkeeping requirements, mandatory reporting of any violations of permit conditions, and annual certification by the permittee that the facility is in compliance with the new permit. The permit will be enforceable by the AQMD, the federal government, and citizens.

The proposed permit is available for public review at AQMD, 21865 Copley Dr., Diamond Bar, CA 91765 and at the Richard J. Riordan Central Library, 630 West 5th Street, Los Angeles, CA 90071. Information regarding the facility owner's compliance history submitted to the AQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the AQMD based on credible information, is also available from the AQMD for public review. For more information or to review additional supporting documents, please call Mrs. Stacey Ebner at (909) 396-2504. Written comments should be submitted to:

South Coast Air Quality Management District
Coating, Printing, Aerospace & Metal
Finishing Operations Team
21865 Copley Drive
Diamond Bar, CA 91765-4178
Attention: Mrs. Stacey Ebner

Comments must be received by December 15, 2008. The AQMD will consider all public comments and may revise the Title V permit in accordance with AQMD rules and regulations.

The public may request AQMD to conduct a public hearing on the proposed permit by submitting a Hearing Request Form (Form 500-G) to Mrs. Stacey Ebner at the above AQMD address. The AQMD will hold a public hearing if there is evidence that the proposed permit is not correct or is not adequate to ensure compliance with regulatory requirements, and a hearing will likely provide additional information that will affect the drafting and/or issuance of the permit. Public hearing request forms and the schedule of public hearing may be obtained from the AQMD by calling the Title V hotline at (909) 396-3013, or from the internet at <http://www.aqmd.gov/titlev>. Requests for the public hearing are due by December 1, 2008. A copy of the hearing request must also be sent by first class mail to the appropriate facility contact person listed above.
